 Amravati

PROFILE SUMMARY

I have a well-rounded skill set in full-stack web development, proficient in both front-end technologies like HTML, CSS, JavaScript, and ReactJS, and back-end tools including NodeJS, ExpressJS, and MongoDB. My programming knowledge spans C and Java complemented by strong foundations in object-oriented programming, networking, and operating systems like Windows and Linux. I'm also experienced with deployment and version control using Git, Vercel, and Render. This diverse technical background allows me to build robust, scalable, and efficient software solutions.

EDUCATION - 2024 - Present

Pro Ram Meghe Institute Of Technology C Research ,Badnera

SKILLS

Technical Skills
